

THE WORLD'S BILLIONAIRES

INTRODUCTION

I am glad to share my Latest INDEPENDENT Excel Project –
“Worlds Billionaires Insight Dashboard”

This project is primarily focused on gaining a comprehensive understanding of the billionaire landscape. Through meticulous data analysis and visualization, the project aims to uncover key insights and trends within this elite group of individuals.

PROJECT OBJECTIVE

This is the discussion outline:

- 01** To expose individual rankings of top billionaires.
- 02** To uncover the country scale of top-billionaire distribution.
- 03** Insights on gender billionaire scale.
- 04** To decipher the top billionaires according to industries.

PROCESSES

1. Data Cleaning, remove empty values.
2. Data Processing
3. Data Analysis

PROJECT INSIGHTS

01.

The most billionaire-distributed country is the United States with a total of 31 billionaires.

02.

Bernard Arnaut & family ranks the richest billionaire from the statistics with a net worth of \$211,0000.

03.

The percentage ratio of men to women billionaires is 87.23% to 12.77%; signifying gross gender gap.

04.

Of all 18 industries analysed, the technology category ranks topmost with a total of 34 billionaires.

05.

Clement Del Vecchio, age 18 ranks the youngest billionaire.

RECOMMENDATIONS

- 01.** STRUCTURES ARE TO BE PUT IN PLACE TO ENABLE WOMEN THRIVE BETTER IN ECONOMY.
- 02.** THE YOUNGEST BILLIONAIRE, 18 IS REASONABLY POOR, CONSIDERING THE ADVANCEMENT OF TECHNOLOGY IN THE INDUSTRIAL/ ITC AGE.
- 03.** THE UNITED NATIONS SHOULD ENDEAVOUR TO ENABLE THE TRAINING OF THE YOUNG IN INDUSTRIAL, ECONOMIC ENTERPRISE.
- 04.** THE US, RANKING TOP BY MOST BILLIONAIRE-DISTRIBUTED COUNTRY IS SUGGESTIVE OF A GOOD ECONOMY. OTHER COUNTRIES ARE ADVISED TO ENTER INTO TREATY RELATIONSHIPS WITH HER TO FOSTER THEIR OWN ECONOMIC GROWTHS.

THANK

YOU
